PRAVANA's May Formula of the Month: Emma Stone's Amber Gold

Emma Stone recently debuted her cropped cut and bangs which has proven to be a fan favorite. In turn, PRAVANA'S **May Formula of the Month** is inspired by The Amazing Spider-Man 2 star's style. Her burning amber gold color is a great spring into summer shade.

Want the look? PRAVANA Artistic Director, Vadre Grigsby has created a custom ChromaSilk formula so you can emulate this gorgeous style.

Formula:

For the base: equal parts ChromaSilk 6.3 and 6.45.

For the overlay: ChromaSilk 9.03 and 8.34 through pre-lightened ends
