How Long Will Adam Levine's Bleach Blonde Look Last? The Pros Break It Down

The Styling

Adam's been going for the slightly messy side-part recently, which makes us believe that's his style of choice. Is there only one way to style this kind of 'do? Ann Shim recommends guys with this cut to really master the side-part. Adam Levine clearly got that memo. "A part cut higher with an exaggerated length through the front like Adam's is a modern and edgy way to rock this style," explains Shim. To get the look right, **PRAVANA Stylist, Jamie Muniz says men should use pomades for an "all-day hold."** "For added control of stubborn cowlicks, start with a light hold mist, like NEVO Invisible Control on damp hair, then blow dry hair into the direction that you want it to lay, usually back and to the side," Muniz says.
