WOMEN ARE COLORING THEIR HAIR RAINBOW COLORS WITH THE SAND ART HAIR TREND

Over the past few months, we've moved on from granny hair to pastel hair, to painted eyebrows and even half-and-half hairdos.

If you thought those hair trends were cool, you'll be glad to know coloring your locks with all sorts of eye-catching colors is about to get even better, since "sand art hair" is the newest trend taking the beauty scene by storm.

Remember those colorful sand masterpieces you used to make in art class as a kid?

Well, this trend is essentially the same thing for your hair. By dyeing your locks all different shades, it creates a layering of colors that results in one seriously mesmerizing hairstyle.

Thanks to a new salon product from PRAVANA, you can now dye pieces of your hair different colors without having the dye run or transfer onto other strands, thus making this epic style much easier to achieve.

These sand art hairstyles give off a fun, carefree vibe, and this trend is the perfect way to add a pop of color to your style for the summer season.

Take a look at the pictures to see this incredible hair trend.
