- Step 1** Section out the fringe from temple to temple and then smooth the hair into a high ponytail.
- Step 2** Create a hair "bungee" with two bobby pins and a small rubber band.
- Step 3** Direct the ponytail forward and secure with the bungee.
- Step 4** Tease a small section of synthetic hair.
- Step 5** Put the teased synthetic hair in a hairnet.
- Step 6** Wrap with a hairnet to create a hair pad. Hair pads are perfect for creating fullness in a shape.
- Step 7** Attach the hair pad at the crown.
- Step 8** Lightly tease the ponytail and smooth back over the hair pad. Create a bun shape.
- Step 9** Secure the bun with bobby pins.
- Step 10** With the exception of the hair fringe, smooth flyaways and apply a flexible styling spray. Shown: NEVO Super Shape Hair Spray
- Step 11** Smooth the fringe area and sweep it to the bottom/back of the bun.
- Step 12** Secure the fringe with bobby pins.
