Formula How-To: Hilary Duff's Turquoise Hair

If you thought wild hues and mermaid hair were going away, you might be right—but for now, actress and singer Hilary Duff is here for it!

The blonde beauty recently had her locks colored a minty, turquoise hue by Amber of 901 Salon. We're not about to let this go without hunting down a formula, so PRAVANA stylist Jamie Muniz shares how you can help a client recreate Hil's look.

GET THE COLOR: HILARY DUFF'S MINTY TURQUOISE

STEP 1: Pre-lighten hair to a light level 9 using PRAVANA Pure Light Power Lightener and preferred developer.

STEP 2: Shampoo hair and dry completely.

STEP 3: Mix three parts VIVIDS PASTELS Mystical Mint with two parts VIVIDS NEON Blue.

STEP 4: Process 20-30 minutes at room temperature.

STEP 5: Rinse with cool water.

STEP 6: Shampoo lightly and condition to seal color with VIVIDS Color Protect after-care products.

STEP 7: Style as desired (Duff has been rocking slightly tousled, very mermaid-like waves).
